MEDIA RELEASE – GRANTS UP TO \$100,000 AVAILABLE FOR GREGORY ORGANISATIONS

With a focus on helping not-for-profit organisations deliver services and assist with natural disaster recovery efforts, the latest Gambling Community Benefit Fund Super Round is now open for applications.

Member for Gregory Sean Dillon has encouraged local not-for-profit organisations to take advantage of the GCBF Super Round, which is offering grants of up to \$100,000.

“Whether it’s repairing community facilities, providing resources to get services back on track, protecting our environment or hosting events, grants of up to \$100,000 will make a real difference,” Mr Dillon said.

About \$30 million is available across Queensland to support a wide range of community projects and services, including:

- natural disaster recovery
- creating accessible events and outfitting spaces for community use
- upgrading equipment, vehicles, or infrastructure
- enhancing grassroots sport and recreation facilities

He said the Crisafulli Government had rescheduled the Super Round to give impacted organisations the time they need to apply and would prioritise applications that support recovery efforts.

“Unfortunately, our region knows better than most the impact natural disasters can have on our local community infrastructure and services.

“Right across Gregory, there are not-for-profit organisations who have been doing incredible work getting our community back on their feet.

“This is a chance for those organisations to apply for a much-needed funding boost and supercharge their efforts to help those most impacted by this year’s natural disasters.”
